

B \flat /A CLARINETS

SIGNATURE

The Henri Selmer's legendary Signature

'Signature' is a unique and unrivalled concept. The intonation, a fair compromise between roundness and presence, is a subtle mix of smoothness and energy.

A wide dynamic range facilitates *pianissimo* and unsaturated *fortissimo*, with a perfectly homogeneous tone over the various registers.

The centred and easy blowing provides a high level control. The tuning is perfectly balanced thanks to its higher toneholes.
