

ALTO SAXOPHONE

AXOS

Timbre and roundness with ease

As all our top-of-the-range saxophone models, the Axos model continues the tradition of craftsmanship manufacturing integrating new industrial techniques.

Since its release in 2015, it is the ideal instrument for musicians who want to purchase a professional saxophone at a more affordable price. Many students, amateurs and professionals alike have adopted it.

Aiming to make quality instruments available to a greater number of musicians, Axos provides a great playing comfort with its specially adapted keywork and a great mechanical reliability.
