

BARITONE SAXOPHONE

SERIE III

The most evolved and easy to handle

The Serie III baritone is a very well tuned instrument, rich in overtones, consistent over the whole register with fluid transfers.

This instrument with a warm tone 'unfolds' a centered, flexible and subtle sound, which suits each type of repertoire in the lineage of the Serie III saxophones.

A versatile instrument. Its perfectly mastered ergonomics gives an impression of stupendous agility unique to the baritone. It weighs 300 grams less than the Serie II baritone.
